

Reign in majesty

McEver

You reign in majesty
You shine in glory
You're working wonders
And you are so God to me.
I need no other
You are enough for me
You are the air I breathe
Lord you are just everything to me.
(Response repeat as above)
With my mouth, I will praise thee
Nothing in this world
Will ever stop me
There's no doubt, you are almighty,
Lord you are just everything to me..
(Response repeat as above)
You reign in majesty
You shine in glory
You're working wonders
And you are so God to me.
I need no other
You are the air I breathe
Lord you are just (2x)
Everything to me oh oh oh
You reign in majesty.
You're working wonders.
And you are so God to me
I need no other.
You are the air I breathe.
Lord you are just everything to me..
You are everything oh Lord,
You are God Almighty.
You are God Almighty You reign (4x)
