

# Calvary

**Oluseun Oyeleke**

Calvary a place of love and blood,  
Calvary a place of sacrifice,  
Calvary a place of will surrendering,  
Calvary a place of reference,  
At calvary you bled and died for my sins,  
At calvary you took my pains away,  
At calvary you made complete salvation works,  
At calvary you took my shame away  
Take me to calvary,  
Take me to calvary,  
thats where I want to be,  
take Me to calvary  
On your cross lord,  
Thats where my sin was hung.  
Its your death,  
That made a way for me,  
Lord your blood,  
paid all the debt for me  
lead me Lord to calvary, thats where Lord I want to be  
Take me to calvary,  
Take me to calvary,  
thats where I want to be,  
take me to calvary
