

I believe

Loyiso Bala

Verse 1

All I've got are these five stones
my faith but a flutter
All I see are these dry bones
my words just a mutter
You show me a burning bush
yet you know very well that I stutter
Nevertheless though I'm a mess
you give me grace for my weakness
Nevertheless though I'm a mess
you show your face when I witness

Chorus

I believe I believe
I believe I believe
I believe I believe
I believe I believe

Verse 2

All I've got are these five stones
my faith but a flutter
All I see are these dry bones
my words just a mutter
You show me a burning bush
yet you know very well that I stutter
Nevertheless though I'm a mess
you give me grace for my weakness
Nevertheless though I'm a mess
you show your face when I witness

Chorus

I believe I believe
I believe I believe
I believe I believe
I believe I believe

Bridge

You're the God of the impossible
In you everything is possible
You're the God of the unthinkable
You're the God and you're invincible

Chorus

I believe I believe
I believe I believe
I believe I believe
I believe I believe

Verse 1

All I've got are these five stones
My faith but a flutter
