

The Blood

[Nathaniel Bassey](#)

The accuser of the brethren finds a way
To come before the Holy Church of the all earth
Points a finger at the faults and failings of the Saints
Then he makes a case, wont you judge them now
But Ive got an Advocate in Heavens court
My Redeemer and the high Priest of my soul
Jesus Christ the Lamb, the holy Lamb of God
When he hears the case, this is what He says

Chorus 1

I see the blood (the blood), I see the blood (the blood)
I see the blood (the blood), I see the blood (the blood)
I see the blood (the blood), my precious blood (the blood)
I see the blood (the blood), I see the blood (the blood)
I see the blood (the blood), I see the blood (the blood)
I see the blood (the blood), eternal saving blood (the blood)

You dont have to cry, I have the price

Verse 2

Even though my victory has long been won
The accuser never stop so hard to try
Fighting with the thoughts of You
Just so I can doubt who am I in Christ
But this is what I see

Chorus 2

I plead the blood (the blood), I plead the blood (the blood)
I plead the blood (the blood), I plead the blood (the blood)
I plead the blood (the blood), the precious blood/I please the blood of Jesus Christ
I plead the blood (the blood), I plead the blood, eternal saying blood
I dont have to cry, Jesus paid the price

Bridge

We overcame him by the blood (Satan), and by the words of our tesimony
When we fall shot and we forget, the Father is willing to forgive

Repeat Chorus 2

Sanctification, justification, salvation through the blood of Jesus Christ
We have victory by the blood of the Lamb, plead the blood, just plead the blood.
