

I Have a God

Pat Joe

I have a God, who can never fail
I have a God who can never disappoint
He is the Alpha and Omega
Everlasting father that is His name

Chorus 2

Jehovah you are, you are, you are
You are Jehovah you are, you are the one
Jehovah you are, you are, you are, you are
Jehovah you are, you are the one

VERSE 1

In my heart, I am very very happy
For all you've done in my life
You showed me love And my heart is full of joy.
The great provider and my redeemer
You turned all things around
And made my life complete
Yes, you give me the reason to smile
That is why I say, thank you Father
You are the God that can never disappoint

Second Chorus

VERSE 2

Yes, You made a way where there seems to be no way
With you nothing is impossible
The omnipotent God That is present every where
A present help in time of need
You turned water to wine
And made your children dine
There is nothing our God cannot do
With a grateful heart, I say thank you
You are the God that can never disappoint

Second Chorus

BRIDGE

Oh! He healed the sick, raised the dead
And set the captives free
Put food on my table and gives me a new life A song to sing, a brand new hope
And blessings every where
Our God is a faithful God
That is why I say, nagode Papa
I bow and say, Ese Baba
That is why I say eh eh Imela Daddy
You are the God that can never disappoint
I have a God who can never fail
I have a God who can never disappoint

He is the Alpha and Omega
Everlasting father that is His name
