

Hosanna

Delight Gutip

Hosanna hosanna
We lift you up, we lift you up
On our praise and our worship
We enthrone you Jesus, we enthrone you Jesus
Hosanna
We join the host of heaven
We lift our voice to heaven
We cry holy, we cry worthy
We bow before the King of kings
The maker of the universe
The awesome one
Victorious
Who rules and reigns forever more
We hail you 3x
Great I am
We hail you 3x
King of kings
Hosanna
