

No One

Kelvocal

Who can love me like you love me
Who can save me like you save me
Who can lift me like you lift me Jesus
Who can bless me like you bless me.
Who can love me like you love me
Who can save me like you save me Jesus
Who can help me like you do God
No one no one but you
My maker and my Lord you are
My keeper and my shield yeah
No one no one no one

Verse

You live inside of me
Yet i see you everywhere
Your peace like a river
Is flowing through my soul
I'm surrounded by your glory Jesus
Overwhelmed by your love
Your faithfulness is sure
Morning by morning new mercies i see yeah
You stole my heart away
With your tender warm embrace
You make me smile always
That's why I'll always worship you

Chorus

Who can love me like you love me

No one can love me like you love me (tongues)

Who can help me like you help me (tongues)

The only hope i have
I depend on you
Jesus it's you.
