

You saved me

Enkay

You saved me, delivered me
Thats why I praise Your name
Thats why I worship You
You saved me, delivered me
Thats why I praise Your name
Thats why I call you God

Verse 1

In my darkest lonely hour, your peace was like a shower
Lord you were right there to calm my raging storm
You covered me, now Im safe in your arms
Thats why I praise Your name, thats why I call you God
You saved me, delivered me
Thats why I praise Your name
Thats why I worship You
You saved me, delivered me
Thats why I praise Your name
Thats why I call you God

Verse 2

Deliverer, you are my protector
My strong tower, you have never lost a case Jesus
You broke the chain, changed my name, now Im free
Thats why I praise Your name, thats why I call you God

Repeat chorus

Bridge

You saved me
Even when I was sick
Through the storms of life (You saved me)
That were tossing and turning (You saved me)
And when I cant see it, I believe it, I receive it
So I lift my hands and say
Thank you (Thank you)
Lord I thank you
For my job, my children, my home my ministry
Everything, everything thank you
Nobody but Jesus
You saved me
Thats why I praise Your name, thats why I call you God
