

Worship You

Teejay Jonartz

I will lift my voice to You
I will praise Your holy name
You are God and God alone
nothing else compares to You
in my life be glorified
as I worship You today
all day, all night I will worship You
All day all night I will worship You
all day all night I will worship You
In my life be glorified
in my life be glorified
All day all night I will worship You
all day all night I will worship You
