

He makes a way

Palmira

Verse

No matter how long it takes
no matter how far you go
no matter what comes your way

He makes a way

No matter how long it takes
no matter how far you go
no matter what comes your way

He makes a way

Chorus

He makes a way

He makes a way

He makes a way

He makes a way

Verse

Chorus

Chorus

He makes a way

I've seen Him make a way
Hes not the son of man that He should lie
when He speaks a word it comes through
just hold on, hold on and trust Him

He will make a way

He will make a way
