

Obey

Benthaniel

Verse 1 (Oracool)

So the word on the street is
that Fly boys dont listen
To the words he be speaking
But no bruh. We different
Cos out here we Live it
We aint got much but we kingin
With his peace within we
And o boy the truth is
Success comes from the King of Kings
So I go where the father leads
I got plans but Id rather be
Like the red in the Japanese Flag
Center of His will I mean
Obedience to him makes us Kings
Indeed gives us better dreams
He speaks to lead me by the streams

(Bridge)

So I

Turn Up x 8

When he

calls x8

Cos he

got me x8

Better better better plans than I could ever imagine
I be rolling through Challenges with this great great ease
Not cause I got the best connections or got me better skill
So am just gonna admit it and i finna let you in
Bruh obedience opens doors you never thought would let you in

Hook (Benthaniel)

If you finna see them boys doing what he says
Then you finna see them boys doing OK
If you finna see them boys living great
Its cos the saviour spoke and we obeyed.

So we rise when we obey

Yes we rise always

Verse Two (Oracool)

When God shows His Heart sir
What do you do with the Rhema?
When you leave the Altar
What do you do with the Word Sir?
Do you brag bout the Word
Or Applying the Word

Through every facet of your life sir
Bro I bet we all wanna leave better legacies than our parents ever did fulfil destiny
Become great stars
So Guys the more I obey yo The further I see
That following His Word Luke the Paparazzi
Is Worship and the Father likes it So Guys the more I obey yo The further I see
That following His Word Like the Paparazzi
Is Worship and the Father likes it
(Bridge)
(Hook)
