

My Beautifier

Chris Shalom

Refrain:

My beautifier,
You've taken away the shame
You've taken away the pain
You've made my life so beautiful
My beautifier,
You've taken away the shame
You've taken away the pain
You've made me just like You (Repeat)

Response: Just Like You
In Beauty and in power, just like You
In Glory and in splendor just like You
In riches and in honor
You've taken away the shame
You've made me just like You
You've taken away the pain
That's what You did Jesus
Just like You
You've taken away the shame
You've made me just like You
(Refrain)

Response: Just Like You
My life is so beautiful
You given me Glory
Just like You Jesus
You've taken away the shame
You've made me just like You
That's what you did Jesus
And I'm so glad about it
You've taken away the sorrows, Jesus
You've taken away the shame
You've made me just like You
(Refrain)
