

Owner of the Key

Elijah Oyelade

You are the Owner of the key to my life
You are the final authority of my destiny
You are the Owner of the key to my life
You are the final authority of my destiny

I put my eyes on you
My trust is in you
And I know I will never be ashamed
I put my eyes on you
My trust is in you
And I know I will never be ashamed

Verse 1

No power from hell can tamper with your plan for me
No thought of man can change your thought for me
No situation can render your word null and void
Cause you are the master in control
Yes you are the master of my life
You are the Owner of the key to my life
You are the final authority of my destiny
You are the Owner of the key to my life
You are the final authority of my destiny

I put my eyes on you
My trust is in you
And I know I will never be ashamed
I put my eyes on you
My trust is in you
And I know I will never be ashamed

Verse 2

Before you formed me you called me by my name
And you made me the apple of your eye
No situation can render your word null and void
Cause you are the master in control
Yes you are the master of my life
You are the Owner of the key to my life
You are the final authority of my destiny
You are the Owner of the key to my life
You are the final authority of my destiny

I put my eyes on you
My trust is in you
And I know I will never be ashamed
I put my eyes on you
My trust is in you
And I know I will never be ashamed
