

# You can't lie

Stanley Abalu

Men can change their mind,  
You cannot change your mind  
Men can change their heart  
You cannot change your heart  
Men can lie to me  
You will not lie to me  
This is what I say

Chorus

Let everybody change, You will never change  
Let everybody fail, You will never fail  
Let everybody lie, You will not lie.....to me  
Men can break your heart  
But God will melt your heart again  
Friends can go away  
Remember God will always stay with you  
Love can fade away  
God's love will remain the same  
This is why I cry to you

Chorus

Let everybody change, You will never change  
Let everybody fail, You will never fail  
Let everybody lie, You will not lie.....to me  
Heaven and earth will pass away  
Your word remain the same  
When men has broken their promises,  
Remember God had made you a promise  
when men ruin down my soul,  
but God will restore your soul

Repeat chorus

You will not lie.....to me  
You will not lie.....to me  
You will not lie.....to me  
You will not lie.....to me  
You will not lie.....to me  
You will not lie.....to me  
You will not lie.....to me
