

God is not late

Abraham Saturday

Lord you're never too late
Lord you're always time
There is no time you arrive that is late!
We just have to believe in your word
I believe in you x2
You are never late
Always right on time
We believe in you.
Lord you're never too late
Lord you're always time
There is no time you arrive that is late!
We just have to believe in your word
