

I Receive

Joe Praize

Take up your bed and walk
It's time to live again
It's time to face the mountain (2x)
And say you must be moved
Open your eyes and see
Open your ears and hear
Anything is possible
Open your and receive
Dry bone dry bone
Rise bone dry bone
Rise and live again

Chorus

I receive my healing (4x)
I receive my miracle (4x)
Today is your day
Now is your time
Receive your promotion
Beyond imagination
Anything is possible
Open your heart
Dry bone dry bone
Rise and live again.
I receive my healing (4x)
I receive my miracle (4x)
{Repeat Chorus till end}
