

# That's Who You Are

David Ehiabhi

## Verse 1

I have seen a man,  
who took me the way I am  
lift me up from a miry clay,  
set me on the rock to stand  
Now I know the man,  
who chose me the way I am  
picked me up from a miry clay,  
set me on the rock to stand

## Chorus

Jesus that's who you are  
Wonderful king that's who you are

## Verse 2

I have looked around all over,  
sicknesses don't last forever  
healing has come to stay by His word  
(come on brother, can i hear you sing something)  
I have moved around all over,  
poverty don't last forever  
breakthrough has come to stay by His word
