

Let Your Glory fall

Folabi Nuel

Let your glory fall lord
Let your glory fall lord
People won't believe if they don't see your glory
Let your glory fall lord
Outpouring (4x)

Verse 1

Lord we are here
To proclaim your name
Rise in your power
And let the whole world know
That you are God
of miracles
Come and prove yourself so strong

Verse 2:

Lord we are here
To thirst for more
More for your presence
As we worship you
Come fill our hearts
With hunger and fire
Don't let us be the same again

Bridge:

We need an outpouring
We need an outpouring
We need an outpouring
Of your spirit
