

You're the One for me

[Dotkeez](#)

Whoooooh oh oh
Oh oh oh oh oh oh yeah
You and i
Oh i love the way
You paint the pictures
When you look into my eyes
It appears i am the one for you
Im not another passing phase
You know that i love you
And i need nobody else
You are the only one for me
Youre all i need to
Love with no condition
Stay with through the ice and fire
My heart is strung to yours
Youre the one for me
With you theres no better place
Ive found my comfort zone with you
And Ill be loving you
Youre the one for me
Oh oh oh oh
I know that
Ill make mistakes
And sometimes hurt you really bad
But you can count on him
To teach me how to love you right
And when i realise my wrong
You know Ill be on my knees
To say my prayers
And Ill turn to you
To make you smile
