

# Milele na milele(forever and ever)

## Proclaim Children Choir

Am the one that the world had rejected With zero for a start  
A failure so undermined  
But in the midst of my pain  
there came a song to remind me youve never left My help is here right now  
Pewe sifa Mungu mwema (We give you praise good God)  
Twakubudu milele na milele (We will praise you forever and ever)  
He will turn your sorrow into a brighter day.  
God will embrace you  
only trust Put the weight off your shoulders  
pray, trust, believe he will answer you wait for your breakthrough  
Just lift your voice in praise  
Milele na Milele (forever and ever) repeat \*?
