A song for Nigeria

I believe we will shine like the sun

a Nation of great people

I believe we will shine like the sun

I believe we will shine as the sun

Chorus:

let us build our Nation. (aaah)

let us build our father land

let us serve in love and unity

so we rise as great compatriots

different tribes and different tongues

yet we stand together in love

let us build our Nation

let us build our father land

let us serve in love and unity

so we rise as great compatriots

different tribes and different tongues

yet we stand together in love.

and make it a better place

yes we can only if we try oooh

let us build our father land

let us serve in love and unity

so we rise as great compatriots

different tribes and different tongues
yet we stand together in love
