Verse 2 (Dpitas)

Start up my day with a sweet devotion  
Good morning Holyghost I make proclamations  
Soaked in the spirit like Im deeped in an ocean  
Then I step out to carry out my functions  
The fathers course is what Im living for  
I put my life on the line its worth dieing for  
Hands on the plough, aiming at the goal  
Fix my eyes on the target no detour  
The devils got nothing on me, the devils got nothing on me (Oh yeah)  
Shielded under the fathers wings, shielded under the fathers wings (Oh yeah)  
I roll with the King of kings, I roll with the King of kings (Oh yeah)  
With Him I reign supreme, with Him I reign supreme (yeah)  
Life-giving spirit on our inside so we give life to dry bones when we speak

We battle from the standpoint of victory  
Slingshot, Golliaths kiss their feet in defeat  
3s up. Were real, were righteous, were relevant  
Were real, were righteous, were relevant  
Thats how we do, thats how we do, thats how we do on a regular.  
(2 Verse )

We stand In The Gap We aint selling out  
Steering steering Hands on the plough we aint looking Back  
S/O to DP Ma Family We Winning this War as Family  
Stay real stay real eye on the Goal we aint Looking out here
