

Silence

Pompi

All you need a seed, a mustard seed
To be specific it's all you need
And in faith just speak
And it shall be
Lazarus ali gone (Lazarus resurrecting (??))
Is what you should see
Get a vision and call it
Refrain:
Silence! Ve a funa ni silence (What he wants is silence)
Wene uja kawalala (That thief that you know)
Ve a funa ni silence (What he wants is silence)
Speak what you want to see
Declare what you want to be
Osati, Silence! (Not silence!)
Ve a funa ni silence (What he wants is silence)
I am strong in the Lord
And the power of His might
Tell a lion you can't bite
Ngati unga kambe na lupili (If you can speak to a mountain)
Ninshi ili na matu (Then it means it has ears)
You steps aside
'cause I know where my treasure is
It's on the other side
And I'm here with some witnesses
(Refrain)
Get to a land that's promised
Speak to the rock – don't strike it
Yes you can move that mountain
(You can move that mountain)
In faith our belief was founded
Get to your place of promise x2
Speak to the rock – don't strike it x2
(No delay)
Yes you can move that mountain x2
(And I've seen it move)
In faith our belief was founded
(My belief was founded)
(Refrain)
Speak with no delay
And sing now with no delay (Repeat x?)
