

# I Am The Why

Elijah Oyelade

He was despised and rejected  
Acquainted with grief  
He bore our grief  
Carried all our sorrows  
Sweetening afflicted  
He was wounded for our transgressions  
He was bruised for our iniquities  
Chastisement of our peace was upon him

Chorus

I am the why  
You are the why  
We are the reason why He came  
So I pledge my life  
My life will never be the same  
You have given me your life  
Your sacrifice wont be in vain  
I surrender all to you  
I pledge my life  
To you as a living sacrifice  
I surrender all  
Bow my knees at the altar of the cross  
I am the why  
I am the reason why he came  
I surrender all  
Bow my knees  
At the altar of the cross  
I am the why  
I am the reason why he came  
So I pledge my life
