From the rising of the sun
Till the going down of the same the name of the Lord will be praise
From generation to generation you are God most high
You are lifted up above every other

I will glorify and bless your holy name Lord
Lift you higher high above every other name
I will magnify and bless your holy name
Lord lift you higher high above every other name.

Lord we lift your name in all the earth
Lord we lift your name in all the earth
Lord we lift you higher high above every other name
We lift your name in all the earth
