

Alone

Loyiso Bala

Verse 1

Lord you are faithful
Faithful to me
Whatever you say remains
With every promise
Promise to me
You never change your mind
And Ill live to praise your name
For your love remains the same

Chorus

O, Ill never be alone
For your grace has brought me hope
And where I go I never walk alone
In your love Ive found my home

Verse 2

If not for your mercy
Mercy t'wards me
Where would I be today
Was lost in my troubles
Wandering in darkness
You came and made a way
Now I live to praise your name
For your blood took all my shame

Bridge

You were forsaken
I was forgiven
My sins were taken
You died and took my place
Now
Im evolving From glory to glory
Evolving into who you are
