

Alagbada Ina

Nathaniel Bassey

Chorus

Alagbada Ina

The one whos clothed with fire
Your voice resounds like thunder

We glorify your name

Alagbada Ina

The one with eyes of fire
Your name is full of wonders
Come and manifest yourself

Verse 1

You are the Holy one
Dwelling in light so bright
You made the sun and the moon
But you shine brighter than all
As we rejoice and call upon your name
Please come and take your place
And manifest yourself

Verse 2

All things are possible
Nothing is hard for you
If we believe in your name
And we can stand on your word
These are the days
of signs and wonders
Days of miracles and power
You will manifest yourself

Bridge

Mountains will flow down
And darkness will flee
Adversaries surrender
At the sound of your voice
Fire is burning
Revival is here
The nations will worship
Jesus alone
