Intro

Living Legend

My Christ is a living legend.
My Christ is a living legend.
My Christ is a living legend.
I dont know about the God you serve,
But mine is living.

Verse 1

Perfect!

My Lord is great in every way
You was high up in the Heavens,
How you came to die on earth
For my salvation.
Brought dominion back to men
That divine nature
I been slaving for some change
Dear Lord you freedom
How you loosened up my chains
Now Im walking with my chin held high
The walk of grace
How Im one with the Lion of Judah
You not safe
Dear Lord you famous!
I just wanna be like you
Crucify my flesh on the cross
To live like you
Leave my family and friends
Just to walk with you
Coz you a living legend
Christ is a living legend
Coz He died and rose on the 3rd a living legend
Hallelujah!!

Chorus

Im Christ crazy
Call me Christ baby
I mean Im out here working for the one who saved me
He loved me first
So pardon my faith
But my God is working miracles on a daily

(X 2)

Verse 2

Uh!

I seen the future and I mean it

Uh!
The Christ will reign (rain) like the nimbus
Im perfect through Christ
Who died for my imperfections
I made it!!
Through Christ mane I got my inheritance
Now Im Gods son
And everything Christ is I am
On the right path
The way to the father, Elohim
Elo Hes the truth
The word that came to life
God gave the son
And thats how the journey began
Yea!
Touched by the Holy Ghost
Im on fire
I write with the Holy Ghost mane
My Ghost writer
See my soul thirsty
And my body longing
My spirit seeketh
For the one who gives lifer
Like 25 to life
I surrender my time
A criminal by world standards
I aint living like them yea!
A living legend
Christ is a living legend
Coz He died and rose on the 3rd a living legend
Hallelujah!!
Chorus
Im Christ crazy
Call me Christ baby
I mean Im out here living for the one who saved me
He loved me first
So pardon my faith
But my God is working miracles on a daily
(X 2)
Verse 3
On a daily
Gotta get my breath from my Lord uh!
My bread from my Lord uh!
Gods grace and not law uh!
Blow the trumpet lets go
Gods kingdom up in these hallways
Only way to the promised land
As we come through the one doorway
Raise em up and bow down

As we stand before the one crown
Jesus Christ be the fair judge
Did you love Him or did you not?
Whats your story, whats your excuse
He made you win
Or you chose to lose
Play the game how you wanna play it
The choice is yours how you gonna make it
First Adam or the second Adam
Take the apple or the Cross
The one who made it out a death sentence
The one who gave us all our redemption
Temptation never stood a chance
Defeated sin and overcame death
Me I chose to serve a living legend
He died and rose on the 3rd
Wassup
Chorus
Im Christ crazy
Call me Christ baby
I mean Im out here working for the one who saved me
He loved me first
So pardon my faith
But my God is working miracles on a daily
