## Sonnie Badu

By your stripes I know that I am healed  
By your crown of thongs now I am free  
Oh Lamb of God, you did that just for me, for me  
Now your blood had set me free from sin  
Your blood has set me free from guilt  
Oh Lamb of God, you did that just for me  
I can see my burden taken to the cross  
I can see my pain taken to the cross  
When you were dying for me, dying for me  
I can see my sins taken to the cross  
I can see my shame taken to the cross  
when you were dying for me, dying for me  
So Im free, to live again  
So Im free, to raise again  
So Im free to lift my hands  
I am free, I am free to live today  
(modulation)  
So Im free, to live again  
So Im free, to raise again  
So Im free to lift my hands  
I am free, I am free to live today  
(modulation)  
So Im free, to live again  
So Im free, to raise again  
So Im free to lift my hands  
I am free, I am free to live today  
By your stripes I know that I am healed  
by your crown of thongs now I am free  
oh lamb of God, you did that just for me  
Now your blood has set me free from sin  
your blood has set me free from guilt  
oh lamb of God, you did that just for me.
