

I Remember

Elijah Oyelade

As I look around
I realize it is a new world
Im not the man I used to be
I am not where I used to be
Its amazing how you change my life completely
And now Lord I testify
You have done so much for me
(You have done so much for me)
I remember Lord I cannot forget
The place where you brought me from
And all the things you brought me through
Its amazing how youve change my life completely
And now Lord I testify
You have been good to me
Chorus
I remember
The place where you brought me from
Lord I thank you for where I am today
I see you doing a new work in my life
And I thank you for the future I see x2
As I look again I can see a brighter day
The testimony of yesterday gives me faith for a brighter day
Its a wonder how youve turned my life around
Now I testify youve done so much for me
Chorus
