

The One

Tomiwa Immanuel

You are the one who never fails
You are the one who does what He says
You are the one who conquered the grave
Jesus yes You are the one
You are the one who never fails
I have no reason to ever doubt Your word
everything You have said is everything You have done
Jesus yes You are the one
The Bible says You made a show
of principalities and powers, You are the one
The Bible says that You embarrassed all of them
You are the one
The Bible says that You are coming back for me
and I believe it
Jesus Jesus yes You are the one
Your word says I can call You
that You will answer me, You are the one
Your word says I can call You
that You will deliver me, You are the one
Your word says I can call You
that You will back me up, You are the one
Jesus yes You are the one
Your word says I am no longer afar
Your word says I am now seated at Your table
Your word says You prepare a table for me, yes You do
Jesus yes You are the one
Your word shows that You are Onise Iyanu Onise Iyanu
Your word shows that You are the one we call
Your word shows that You are agunechemba one
Your word says that You are the king of kings
Your word says You were there in the beginning of the world
Your word says everything we see was made by You

Jesus yes You are the one
You are the one who never fails
I have no reason to ever doubt Your word
everything You have said is everything You have done
Jesus yes You are the one
And I carry Your Spirit inside of me 2X
thats my promise, seal of my salvation
Jesus yes You are the one
You are my personal Jesus, my personal Jesus
I know You personally, personally yes

You know my name, You know my name, I know You do
Jesus yes You are the one
You know the number of hairs that are on top my head o 2X
and You love me so, You love me like no one else
Jesus yes You are the one
You have my name written on top of Your hands
You have my face always on top of Your mind
It was me that You were thinking about when You died on the cross (on the bloody cross)
Jesus yes You are the one
You took all the pain, You took all the sin
You took all the sickness, You took all the sins
all my transgressions, You took them on You
took all the strokes, took all the nails, all for me
Jesus yes You are the one
Reckless love excess love unfailing love
powerful love deep deep love wide wide love o
Abundant love that will never never never finish
Jesus yes You are the one
You are the one who never fails
I have no reason to ever doubt Your word
everything You have said is everything You have done
Jesus yes You are the one
