

Nothing Like Your Presence

Nathaniel Bassey

Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
To be with You
To be with You

Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to worship You
Theres nothing like Your presence, Lord
All I want is to worship You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to be with You
Theres nothing like Your presence, Lord
All I want is to worship You
Theres nothing like Your presence, Lord
All I want is to worship

[illegible]

And we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
You are God and we worship You
