

Live Again

Bongi

Though it seems that my life is over
And everything has failed, oh
Though it seems that I can't make it through it
There's no doubt in my mind that I will live, Oh

Refrain:

Live again, I'll live again
This is not the end, I'll live again
Live again, live again
(For) this is not the end x3

I'll live again

You came back over life's storms and heartaches

And every tear I cried, oh
God was there, with Him I made it through it
There's no doubt in my heart

This time I'll live

(Refrain)

Bridge:

God has the final say
He speaks I will obey
He gave His life for mine
So I may live

(Refrain)

Your peace; it's my joy
In the midst of storms, you were there
Your love has captured me
I'm so grateful – I'll live again
For this is not the end x3
I'll live again
