You've been praying
For breakthrough
Just a day more
Your answer is on its way
Don't you give up
Igba dier loku oo (It's just a little time left)
Idaun re bo luno (Your answer is on it's way)

Verse 2

You were given birth to
But can't give birth to
To some you've become a clown
Walk with heads down
And how can you see the light
When it comes out
Just a day more
Your answer is on its way
Just a day more
Your answer is on its way
Don't you give up

Verse 3

O what do you need
That makes your heart bleed
There's something ur heart desires
Makes you wanna cry

Ooooooooo

Cypha talks

I might not know what you're going through right now
I might not know how it feels
But I know one thing for sure
If there's a man to pray
There's a God to answer
Don't you give up
Don you give up
