

Smile

Same OG

Verse 1 (Tebz Smith)

I see your tears in the dark
I no go leave you just like that
I know how much youve tried
Youve tried, you wanna make it so fast
But everything is falling fast as dollar flys
Family aint eating right for nights
Failing and Falling is what you see of your life
Painful heartache break you down like its toothache
Now you feel removing the whole head will solve the Whole pain
Dont you do that to yourself my boo
Youve come this far, Ill walk the rough with you
I see your sincerity, I mean the true you
You really working so hard to scale through
When you fall, dont give up, Ill clean you
You know before the day Comes, theres A moon
Wipe your tears away, in fact let me wipe them for you
Just know my thought for you
Its not an evil one
I want to see you happy my Love
Pre Hook (Tebz Smith):
Deep thoughts for your mind
You wondering so hard
How you goan make it this time
You laugh outside when everyones around
But cry your tears in the dark
Its so sad to go through these times
You feel like its all over
Like you were lifted to be pulled down..

Hook:

Smile for me
You goan be okay
One day at a time
You goan be alright
Put a smile on your face
You goan be okay
One day at a time
You goan be alright
Verse 2 (Same OG)

Why?
The struggle don too much?
I see you just dey cry
You come dey ask God why me?

Take away this pain
Na only me naiwaka come? I no dey do again
I dey put in all the work, I no dey see the gain
Father, you dey hear me when I pray?

My heart stone cold like cement
But I hear broken heart you mend
Though e be like say my life don bend
Make the blood of JESUS give me that blend naaa
So I go dey grind steady
Easy moving
