

# Thank You for loving me

**Manus Akpanke**

If not for Your love, I wont be here  
if not for Your grace, Id be lost, dead and gone  
so thank You for loving me  
thank You for loving me  
thank You for loving me  
thank You for loving me

If not for Your love, I wont be here  
if not for Your grace, Id be lost, dead and gone  
so thank You for loving me  
thank You for loving me  
thank You for loving me  
thank You for loving me

Because of Your love I have freedom  
You exchanged Your life for mine  
Because of Your love I have freedom  
You exchanged Your life for mine  
Because of Your love I have freedom  
You exchanged Your life for mine  
Because of Your love I have freedom  
You exchanged Your life for mine

So today I embrace Your love  
no more running from You God  
no more running from You God  
so today I embrace Your love  
so today I embrace Your love  
today today today  
today today today  
I embrace Your love
