

# Working On Me

## Calledout Music

### Verse 1

When I was young, My father told me, son  
You are no one if you dont have Jesus yeah yeah  
for a boy so young  
I faced so many impossibilities yeah  
you see now Im older, I have come to realize  
that it aint no fun  
if I dont have Jesus yeah yeah  
for a man so grown  
I still face the same impossibilities  
oh its so hard to live a life for you  
but Im willing to be broken to be broken  
Yes Ive come to far to turn around  
and I know you wont let go

### Chorus

Cos Youre working on me  
I dont care about what they say  
Ill keep walking in Your ways  
Cos Youre working on me  
and even though I fall  
Ill keep listening to Your call  
Cos Youre working on me

### Verse 2

Now everyday, Im living step-by-step  
Its only You who knows whats next  
so Ill wait for You Lord  
so Ill be watching as You break me down  
And mould me as You please (mould me as You please)  
sometimes its hard to see  
the plans You have for me  
Its cos Im blinded by  
the problems that I see  
I get frustrated by my flaws  
but You take me as Ia am ( take me as I am)  
its so hard to live a life for you  
but Im willing to be broken to be broken  
Yes Ive come to far to turn around  
and I know You wont let go  
Cos its a battle everyday  
but Im winning in Your name  
and no matter what they say  
I wont be afraid no I wont be ashamed  
oh its a battle everyday

but Im winning in Your name Jesus  
and no matter what they say  
I wont be afraid no I wont be ashamed  
I wont be ashamed  
Chorus 2X  
Cos Youre working on me  
oh oh oh oh  
so Ill put a smile on my face  
Cos I know that Youre working on me
