

Sound Of Victory

Simply Gabriel

Its the sound of victory
I hear the Sound of victory
I hear the Sound of victory
Everybody Sing
I hear the Sound of victory
I hear the Sound of victory
Victory in the name of Jesus
I hear the Sound of victory
I hear the Sound of victory
The lamb that was slain
Has overcome
By his precious blood
And our testimony
I hear the sound
I hear the Sound of victory
Victory in the name of Jesus
I hear the Sound of victory
The lamb that was slain has
Overcome
The lamb that was slain has
Overcome
By his precious blood and our
Testimony
We will rise in the strength of Your name
Raising your banner over our Lands
Let your kingdom come
And your will be done
Set the captives free
By the blood of the lamb
I hear the Sound of victory
Sound Of Victory
I hear the Sound of victory
Victory over deaths and Sickness
Victory over setbacks
The lamb that was slain has
Overcome
By his precious blood
And our testimony
Like a rainfall
In a dry land
Your presence is sweeping
Through the land
Like a river

In a desert
Your spirit is moving
Proclaiming victory
Jesus has conquered
Over sin and death
Victory victory
Victory victory
Victory victory
Victory victory
Victory victory
Victory victory
In the name of Jesus
We have victory
I hear the Sound of victory
I hear the Sound of victory
Everybody sing
I hear the Sound of victory
I hear the Sound of victory
Victory
