

End in praise

Sinach

The stakes may be high
but I look beyond it all
I praise You with the word in my heart
mountains may rise
strong winds may blow
Lord I praise You just because I know
It will always end in praise
no matter what I face
You have gone ahead and worked it out for me
it will always end in praise]no matter what I face
You have gone ahead and worked it out for me
The stakes may be high
but I look beyond it all
I praise You with the word in my heart
mountains may rise
strong winds may blow
Lord I praise You just because I know
It will always end in praise
no matter what I face
You have gone ahead and worked it out for me
it will always end in praise]no matter what I face
You have gone ahead and worked it out for me
I keep on praising Him rejoice in Him
for we know the end from the beginning
keep on praising Him, rejoice in Him
for We know the end from the beginning
Hallelujah
hallelujah
I praise You Lord forever more
Just because I know
It will always end in praise
no matter what I face
You have gone ahead and worked it out for me
it will always end in praise]no matter what I face
You have gone ahead and worked it out for me
Rejoice rejoice
hellelujah hallelujah
