

What is love

Blerisa

Laid down your life that I might live
You paid redemption's price
While I was yet in sin, you came
So what is love? If it's not this love.
What is love? If it's not your sacrifice for all.
What is love? if it's not on that cross where you gave.
Where you gave yourself up for me.
Your death has bought me life
No longer a slave to fear
In you now justified
No more a sinner but a child of God
What is love? If it's not this love.
What is love? If it's not your sacrifice for all.
What is love? If it's not on that cross where you gave.
Where you gave yourself up for me.
Where you gave yourself up for me.
