

# I'm Surrounded

**Jabu Hlongwane**

Not once, not twice but for many times  
You rescued me from my past, from my pain  
    You surround me with favor  
    Im surrounded, Im favored  
Im able, Im surrounded with favour.  
    Im surrounded, Im favored  
Im able, You surround me with favor  
    Favor is my name  
    Victory is my name  
Im not below, I am above  
Im surrounded with favor
